ActivateEd: Our Commitment & Policies

2026–2027

> Thank you for choosing ActivateEd. We look forward to creating an environment where your child can succeed and develop a genuine love of learning. These Policies explain what each program includes and how scheduling, billing and missed sessions work, so that every family knows exactly what to expect.

I. About These Policies

A. **Scope.** These Policies apply to every family enrolled with Activate Education ("ActivateEd") for the 2026–2027 school year, from September 1, 2026 through August 31, 2027. By completing the registration form, the family agrees to these Policies.

B. **Order of precedence.** Each family receives a written Enrollment Confirmation listing the student, tier, primary educator, recurring schedule, monthly tuition and start date. If the Enrollment Confirmation conflicts with these Policies, the Enrollment Confirmation governs for the items it lists. In every other case, these Policies govern over our website, brochures, and any text message, email or verbal statement.

C. **Changes to these Policies.** ActivateEd may update these Policies by giving families written notice at least 30 days before a change takes effect. A family that does not accept a change may end enrollment under Section VIII before the change takes effect.

D. **Definitions.** In these Policies:

1. **Family** means the parent(s) or guardian(s) who register a student.
2. **Session** means one 60-minute tutoring session, held in the family's home or online, as listed in the Enrollment Confirmation.
3. **Month** means a calendar month.
4. **In writing** means by text message (preferred) or by email to info@activateedwestchester.com. Both are accepted for every notice and request in these Policies.
5. **Cofounder** means Liz or Vicky.
6. **Certified teacher** means an educator who holds a current teaching certification.
7. **Make-up session** means a session scheduled to replace a regular session that did not take place, as described in Section IX.

II. Our Approach

This section describes how we work. The specific services included with each tier are listed in Section III.

A. **Tailored coaching.** Each student receives individualized instruction based on the student's learning style, academic needs and goals. We build each student's program from scratch and do not follow a fixed or packaged curriculum. Within that program, educators may use published books, worksheets and other materials.

B. **Planning and oversight.** We spend significant time outside of sessions developing each student's instruction. Liz meets regularly with our educators to review each student's needs and progress and to plan next steps.

C. **Engagement.** We keep lessons engaging through a motivating reward system and the warm, supportive relationships our educators build with students.

D. **Purposeful brain breaks.** When appropriate, we include short movement and sensory breaks to support attention, regulation, stamina and readiness to learn. The frequency and length of these breaks are set by the educator for each student and may change over time.

E. **In-home convenience.** In-home sessions save families time and reduce travel-related stress.

III. Programs and Tuition

Every tier is a monthly package of 4 sessions. Tuition is a fixed monthly amount. It is not a per-session or per-hour charge. Any hourly figure shown on our website is the monthly tuition divided by 4 and is shown for comparison only.

A. **Included in every tier.**

1. **Free initial assessment.** One free assessment per student in each subject (math, reading and writing), given when the student first starts that subject with ActivateEd and used to build the student's plan. A student can therefore receive up to 3 free assessments, one per subject. A student does not receive another free assessment in a subject already assessed, including after ending enrollment and returning. Because instruction is individualized, students are assessed continuously during sessions, so repeat formal assessments are not needed.
2. **Individualized lesson plans.** Each student's plan is built from the assessment and updated every month based on input from the family and the educator.

3. **Monthly planning meeting.** One meeting per family per month, held on Google Meet with a cofounder during the first 7 days of the month. The meeting covers the goals met, the new goals and the plan for the coming month. The meeting is 15 minutes for each weekly hour of tutoring per student, up to 30 minutes per family. For example: one student with 1 hour per week receives 15 minutes; one student with 2 or more hours per week receives 30 minutes; two or more students with 1 hour per week each share one 30-minute meeting. If the family misses or cancels the meeting, ActivateEd will offer one other time that month. If that time does not work, the meeting is skipped for that month, with no credit or refund.
4. **Educator check-in.** Before each monthly meeting, the cofounder reviews the student's progress with the student's educator (when the cofounder is not the educator).
5. **Texting with Liz.** Unlimited texting with Liz (cofounder).

B. Bronze: $600 per month.

1. Four sessions per month with a certified teacher.
2. Everything in Section III.A.
3. Bronze does not include home practice (III.E), school curriculum (III.F) or school collaboration (III.G).

C. Silver: $800 per month.

1. Four sessions per month with a certified teacher.
2. Everything in Section III.A.
3. Optional home practice (III.E), school curriculum (III.F) and school collaboration (III.G).

D. Gold: $1,000 per month.

1. Four sessions per month with a cofounder. ActivateEd decides which cofounder teaches the student. Family preferences are considered but cannot be guaranteed. Substitutes and make-up sessions may be taught by a certified teacher or a cofounder (Sections IX.E and XI.A).
2. Everything in Section III.A.
3. Optional home practice (III.E), school curriculum (III.F) and school collaboration (III.G).

E. Optional home practice (Silver and Gold). For families who want it, the educator provides one set of practice activities per student each week, aligned with the skills being taught. The educator decides the amount and format. Completing it is optional.

F. School curriculum (Silver and Gold). At the family's request, the educator works the student's school curriculum into the plan to the extent the educator decides is appropriate for the student's goals.

G. School collaboration (Silver and Gold). With the family's written permission, ActivateEd provides:

1. Contact with the student's teachers at the start of the school year, or at enrollment if later.
2. Ongoing communication with teachers by email or phone, as the educator decides is needed.
3. Attendance at up to 5 IEP meetings, 504 meetings or parent-teacher conferences per school year, online or in person as ActivateEd decides and as scheduling allows.
4. Each meeting after the 5th in a school year is billed at the family's additional-hour rate (Section IV) for the time spent. Any other school involvement must be arranged in advance and confirmed in writing.

IV. Additional Hours

A. **Purpose.** Families may book hours beyond the 4 sessions included in their tier, for example when the regular session day falls 5 times in a month, or for extra preparation before a test.

B. **Rate.** Additional hours cost $50 less than the tier's hourly figure: Bronze $100, Silver $150 and Gold $200 per hour.

C. **Limit.** A family may book up to 2 additional hours per student per month. A student who needs more than 2 additional hours in a month, or who wants 8 hours per month (for example, four 2-hour sessions), must enroll in an additional package under Section XIV.A instead of booking additional hours.

D. **Booking.** Additional hours are requested from Vicky in writing, are subject to educator availability and are booked only when ActivateEd confirms them.

E. **Billing.** Additional hours are billed on the following month's invoice.

F. **Cancellation.** An additional hour that is canceled is not charged.

V. Educator Assignment

A. ActivateEd assigns educators based on subject expertise, instructional level, the student's needs and learning style, personality fit and availability. Family preferences are considered but cannot be guaranteed.

B. Bronze and Silver students are taught by a certified teacher. Gold students are taught by a cofounder. For every tier, substitutes and make-up sessions may be taught by a certified teacher or a cofounder (Sections IX.E and XI.A).

C. ActivateEd will not assign an educator to a subject or instructional level outside that educator's qualifications.

D. ActivateEd may change a student's primary educator when needed, with notice to the family. Any new educator meets the requirements of the student's tier, and tuition does not change.

VI. Sessions

A. **Length.** Sessions are 60 minutes. Other session lengths are available only if listed in the Enrollment Confirmation.

B. **Location.** ActivateEd travels to families. Sessions are held in the family's home, online, or at a mutually agreed location within ActivateEd's service area (such as a public library), as listed in the Enrollment Confirmation. ActivateEd will hold sessions at a mutually agreed location within its service area on the same terms as in-home or online sessions.

C. **Moving outside the service area.** If the family moves outside ActivateEd's service area, in-home sessions continue only if ActivateEd agrees. Otherwise, sessions continue online or at a mutually agreed location within the service area, or the family may end enrollment under Section VIII.

D. **Family running late.** If the student is not ready at the scheduled start time, the session still ends at its scheduled end time and counts as a full session.

E. **Student not available.** If the student is not available within 15 minutes of the scheduled start time and the family has not given notice, the session is a no-show under Section IX.D.

F. **Educator running late.** If the educator starts late, the missed time is added to the end of that session if the family agrees, or to a later session.

VII. Billing and Payment

A. **Due date.** Tuition is due at the beginning of each month, on the due date shown on the invoice. Invoices are sent by email and list each charge.

B. **Payment methods.** Invoices may be paid online by bank account or credit card, or by sending the full amount due through Zelle. We do not accept Venmo.

C. **Biweekly payment arrangement.** A family that cannot pay the full balance by the due date may ask Vicky in writing, before the due date, for a biweekly arrangement. Once confirmed in writing, half of the tuition is due on the 1st and half on the 15th.

D. **Past-due balances.** We understand that unexpected financial circumstances can arise, and we encourage families to contact us as soon as possible. If an invoice remains unpaid and no payment arrangement has been made, sessions may be paused and the student's recurring schedule may be released. The unpaid balance remains due.

E. **First month.** If enrollment starts after the 1st of a month, tuition for that first month equals the number of sessions scheduled from the start date through the end of the month, multiplied by the monthly tuition divided by 4, up to the full monthly tuition.

F. **No reductions.** Monthly tuition is not reduced for holidays, school breaks, school closures, family vacations, ActivateEd closed dates, months in which the session day falls 5 times, or sessions that are canceled or missed. Sessions that do not take place are handled under Sections IX through XII.

G. **Refunds.** Billed tuition is not refundable. Invoice credits are given only as stated in Section XIV.

VIII. Changes to Enrollment

A. **Ending enrollment.** A family that wants to end enrollment must tell Vicky in writing. Notice received by 11:59 p.m. on the 15th of a month ends enrollment on the last day of that month. Notice received after the 15th ends enrollment on the last day of the following month, and tuition for that following month is due.

B. **Changing tiers.** A family may change tiers by contacting ActivateEd at any time during a month. The new tier takes effect on the 1st of the next month. Tiers do not change partway through a month.

C. **Changing the schedule.** A family may request a different recurring day or time at any time. Changes depend on availability and take effect only when ActivateEd confirms them in writing.

D. **Pauses.** A recurring schedule is held only while tuition is paid. A family that wants a month or more away from tutoring may end enrollment and re-enroll later, if a suitable educator and schedule are available at that time. ActivateEd does not hold schedules without tuition.

E. **Exceptions.** Any exception to this section is valid only if confirmed by ActivateEd in writing.

IX. Missed Sessions and Make-Up Sessions

A. **Rescheduling for any reason.** If the student cannot attend a session for any reason, including illness, travel, holidays, school breaks, school events or family plans, ActivateEd will provide a make-up session, as long as the notice rules in this section are met.

B. **Notice.** The family must tell Vicky in writing at least 24 hours before the session starts.

C. **Short notice.** A cancellation made less than 24 hours before the session starts qualifies for a make-up session only if it is due to the student's illness or a family emergency and Vicky is told in writing before the session starts. Any other short-notice cancellation is forfeited, with no make-up session, credit or refund.

D. **No-shows.** A session is forfeited, with no make-up session, credit or refund, if Vicky is not told before the session starts, or if the student is not available within 15 minutes of the start time.

E. **Scheduling make-up sessions.** ActivateEd offers make-up times that fit its schedule and educator availability, and the family chooses from the times offered. ActivateEd is not required to offer a particular day or time. A make-up session may be taught by the student's regular educator or by another ActivateEd educator who is qualified for the student's subject and level and is a certified teacher or a cofounder.

F. **Limits.**

1. Make-up sessions are in addition to the regular schedule. They cannot replace, reduce or postpone tuition and cannot be used in place of a month of enrollment.

2. A family may hold up to 4 unused make-up sessions at a time. A session missed while 4 make-up sessions are already unused is forfeited.
3. A make-up session that is canceled with less than 24 hours' notice, or missed, is forfeited and is not rescheduled again.

G. **Expiration.** Make-up sessions may be used only while the student is enrolled and the account is paid in full. Unused make-up sessions expire on the last day of enrollment or on August 31, 2027, whichever is earlier. They have no cash value.

H. **Exempt sessions.** Make-up sessions given for ActivateEd closed dates (Section X), ActivateEd cancellations (Section XI) and inclement weather called by ActivateEd (Section XII) do not count toward the limit of 4.

X. ActivateEd Closed Dates

A. **Closed dates.** ActivateEd is closed on Thanksgiving Day (November 26, 2026), Christmas Day (December 25, 2026) and any other date ActivateEd announces in writing at least 14 days in advance.

B. **Sessions on closed dates.** No sessions are held on closed dates. Tuition is not reduced. Each regular session that falls on a closed date receives a make-up session under Section IX.

XI. ActivateEd Cancellations and Substitute Educators

A. **Substitutes.** When needed, ActivateEd may send a substitute educator who is qualified for the student's subject and level and is a certified teacher or a cofounder. This applies to every tier. The substitute follows the student's established plan, materials and approach.

B. **Tuition.** Tuition covers the student's whole program, including planning, materials, communication, oversight and instruction. Coverage by a substitute who meets Section XI.A does not change tuition.

C. **Declining a substitute.** If the family declines a substitute who meets Section XI.A, no refund or invoice credit is given. ActivateEd may, at its discretion, offer a make-up session under Section IX.

D. **No substitute available.** If ActivateEd cannot provide the regular educator or a substitute who meets Section XI.A, the family receives a make-up session under Section IX, scheduled at a mutually available date and time.

XII. Inclement Weather

A. **Who decides.** ActivateEd decides whether weather prevents an in-home session. ActivateEd will generally do so when the student's public school district closes or delays opening for weather, when a government weather or travel advisory is in effect, or when ActivateEd determines travel is unsafe.

B. **When ActivateEd calls it.** The family chooses either to hold the session online at its scheduled time or to reschedule it as a make-up session at a mutually available date and time.

C. **When ActivateEd does not call it.** A family that prefers not to meet in person may switch that session to online at the same time by telling Vicky in writing at least 2 hours before the session starts. Otherwise the cancellation rules in Section IX apply.

D. **No reductions.** Weather-related changes do not qualify for refunds, invoice credits or reductions in tuition.

XIII. Health and Illness

A. To protect students, families and educators, the family must tell ActivateEd before an in-home session if the student or anyone in the household has a contagious illness.

B. ActivateEd may then move the session online or reschedule it. A rescheduled session follows Section IX, including the illness exception in Section IX.C.

C. If the educator arrives and the student or anyone in the household appears to have a contagious illness, the educator may end the in-home session and leave. The family may then hold the session online or reschedule it under Section IX, the same as a cancellation for illness. The session is not refunded or credited.

XIV. Discounts and Credits

A. **Additional package discount.** Every package after a household's first is 20% off its regular tier price. The discount exists because the educator stays at the home for back-to-back sessions and does not make a second trip. It therefore applies only when the additional package's sessions are held back to back with the first package's sessions during the same visit: when siblings in the same household have sessions one after the other, or when one student has 2-hour sessions, which counts as 2 packages. Packages held on different days or at separate times, including siblings scheduled on different days, are charged the full tier price. A discounted additional package cannot be used for separate 1-hour visits (for example, eight 1-hour sessions in a month). The discount is always 20% off the regular price and does not increase with each additional package. For example, three siblings on Bronze with back-to-back sessions pay $600 for the first package and $480 for each of the other two, a total of $1,560; one Bronze student with four 2-hour sessions per month pays $600 + $480 = $1,080.

B. **Group and club sessions.** In a group or club session, the first student is charged the regular individual rate, and every student after the first is charged 50% of that rate. The discount does not increase with group size. ActivateEd adds up the total for the group and divides it equally among all students. Each family is billed individually by ActivateEd for its equal share; families do not pay or settle anything with each other, and no family pays more than another. For example, in a 4-student math club with a regular rate of $200, the total is $200 + $100 + $100 + $100 = $500, and each of the 4 families is billed $125.

C. **Referrals.** A family receives a $200 credit when a new family it refers enrolls and pays its first full month of tuition. A new family is one that has never been enrolled with ActivateEd. If a new family says it was referred by 2 families, each of those families receives a $100 credit.

D. **Zelle discount.** Each time a family pays the full amount due through Zelle, a credit equal to 2% of that payment is applied to the next invoice.

XV. Communication

A. **How to reach us.** Text messages are preferred and are accepted for everything, including cancellations, rescheduling, additional hours, payment arrangements, tier changes, ending enrollment and permission for school collaboration. Email to info@activateedwestchester.com is also accepted for everything.

B. **Who to contact.** Cancellations, rescheduling, additional hours, invoices, payment and enrollment go to Vicky. Questions about the student's progress go to Liz.

> Thank you for entrusting us with your child's education. We value the partnership we build with each family and look forward to supporting your child throughout the 2026–2027 school year.
>
> If you have any questions about these Policies, please contact us before completing the registration form.
